Robert Peters is taking photos for the Gold Cup website as he has done for many years. You won't want to miss these! Thursday's are posted, but I just got Friday & Saturday's and may not get to posting more until Monday ... lots of tear-down work for me Sunday evening. Also posted are photos by Dave Mabry from a rescue boat, including a pic with Dave and Terry Troxell after Terry's rescue. Dave was on the first boat to arrive at the scene.
